Past and Present Professional Experiences Relevant to Office Being Sought:

I have experience in serving on national and state professional boards to advance their missions, visions, and goals. I enjoy meeting, connecting, and working with individuals to provide leadership development that advance nursing's contributions. While on ALSN's conference planning committee and chair of the abstract review committee these past three years, I had the opportunity to work closely with Joyce Batcheller as she served in this role.

Bio and Statement of Reasons For Running for an ALSN office:

I wish to support ALSN's mission which is to unite academic and practice leaders to shape leadership science and education in nursing. ALSN members are an awesome group of diverse and enthusiastic leaders who work together to advance the art and science of nursing.
